Molly Nails

is a modern brand built on a foundations of experience and quality *Molly Lac*

It combines years of know-how with innovative technology and unique formulas, offering a new dimension in nail styling.

It's a fresh perspective on manicures - created with passion, precision and attention to every detail.

From the love of color... Find your color!

Color is emotion, energy, and a way of expressing yourself. It is from this passion that the MollyNails product line was born - created for nail artists who value quality, comfort, and a spectacular finish..

Our unique formulas have been developed to meet the expectations of even the most demanding professionals. Each shade is a carefully crafted blend of intense pigment and perfect consistency, ensuring:

- ✓ strong pigmentation
- ✓ creamy texture
- ✓ full coverage with just one coat

Details that enhance comfort and precision in nail styling are equally important:

- ♥ laser-cut brush
- ♥ soak-off formula for quick and easy removal with remover

Discover colors
you'll love from
the very first brush
stroke!

LIQUIDS

Professional liquids are the foundation of every nail styling process – both when preparing the nail plate and during the finishing touches.

In this category, you will find IZOTON, cleaners, removers, and liquids that ensure hygiene, safety, and perfect preparation for the next stages of your manicure.

BUILDER GELS

Builder gels are the perfect choice for nail artists who value precision and full control over the nail shape. Different viscosities and shades allow for both single-layer and multi-layer techniques, while the self-leveling formulas make shaping easier and deliver a beautiful, flawless finish.

PREPARATIONS

Specialized products such as primers, dehydrators, and cuticle oils ensure long-lasting nail styling and a healthy appearance of the nails.

These products form the foundation of a perfect manicure – enhancing adhesion, caring for the natural nail plate, and providing post-treatment care.

ACRYGELS

Combining the strength of acrylic with the flexibility of gel, acrygels are perfect for nail extensions, reinforcement, and building.

Easy to shape, they do not run onto the cuticles and minimize the burning sensation under the lamp – a comfortable alternative to traditional systems.

BASE COATS

Base coats are versatile products designed to meet various nail styling needs – from classic gel polish manicures to strengthening the natural nail plate. Flexible, self-leveling, and highly durable, they provide the perfect foundation for every nail look.

ACRYLIC

For fans of the classic acrylic nail system, we offer high-quality powders and liquids. Acrylic provides durability, hardness, and excellent adhesion – perfect for advanced sculpting and creative nail art.

GEL POLISHES

Your nails, your style! Our gel polishes offer a color palette that lets you express yourself - from classic elegance and subtle, semi-transparent French shades to unique effects like cat eye, flash, thermo, and sparkling glitters. Each color is a touch of magic for your nails - with strong pigmentation and perfect coverage, you'll fall in love from the very first coat!

NAIL ART

Express yourself through the details! The Nail Art category includes everything you need to create unique designs. Design gels, pastes, water inks, aqua gels, foils, stickers, and powders - every element allows you to bring even the most intricate ideas to life. Your imagination is the only limit!

TOP COATS

Protection and a flawless finish in one. Top coats shield your manicure from fading, damage, and yellowing thanks to their UV-filter formula. They don't alter the color of your polish and provide a beautiful shine or matte effect - just the way you like it. Durability you can see and feel!

IZOTON[®]

Monika Mielniczuk

A must-have for every nail styling! IZOTON is an innovative liquid that revolutionizes nail plate preparation. It creates special covalent bonds that increase product adhesion and extend the durability of the styling. Simple, fast, and effective – for a perfect manicure from the very beginning.

capacities

50 ml

100 ml

500 ml

1 liter

Nail Fix

Monika Mielniczuk

A universal product that eliminates air pockets in nails for gel, acrygel, hybrid, and acrylic applications.

Monika Mielniczuk

ACTION:

- ✓ Works perfectly on air pockets, smoothing their edges and helping the new layer bond seamlessly with the previous one.
- ✓ Speeds up tip pocket filing when working with nail tips.
- ✓ Perfectly protects the free edge of the nail when working with powders.
- ✓ Acts as a glue and protects decorated nails from top coat chipping!
- ✓ Smooths out any irregularities left after filing.

Acid Primer

Strong support for demanding stylizations! Acid primer increases product adhesion to the natural nail plate, eliminating the problem of air pockets and lifting. Especially recommended for difficult nails - problematic and prone to product detachment.

- Apply locally for maximum effectiveness.

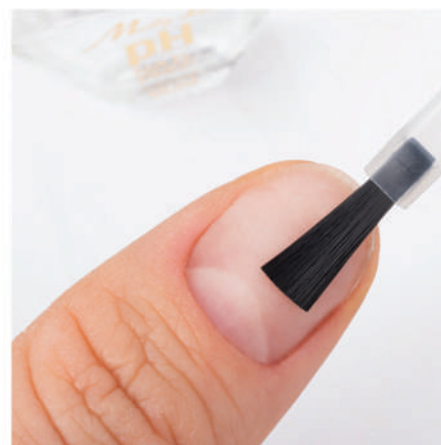

Acid-Free Primer

Gentle yet effective! Acid-free primer is the perfect choice for people with sensitive nail plates. It creates an adhesive layer that improves styling durability without damaging the natural nail structure. Perfect for gel polish, gel and acrygel stylizations.

pH Nail Prep dehydrator

A professional product for degreasing the nail plate before styling. Removes grease, impurities, and moisture from the nail surface. This is the first step to perfect product adhesion and long-lasting styling.

Cuticle Remover

Softens and dissolves cuticles, making them easy to remove and revealing a perfectly smooth nail plate. This is an essential step that ensures every nail design looks professional and aesthetic.

Protector Gum

Painting or creating nail art? Protect your cuticles in seconds! Protector Gum creates a flexible protective layer that shields against dirt and easily peels off in one motion. Makes every nail design easier - faster and more precise.

X-Bond base

Ultra-grip base HEMA/Di-HEMA FREE

The X-BOND base is designed for demanding nails and gel applications. It has a very high viscosity, which maximizes the adhesion of products to the natural nail plate.

- ✓ Perfect under gel
- ✓ Indispensable for problematic nails
- ✓ Acts as a strong "bond" between the nail and the product

Usage: Apply only a thin, rubbed-in layer – this is the key to durability. Do not apply thick layers – excess product may cause lifting or peeling.

2 SIZES
10 g AND PRO SALON
15 g

S.O.S. Antidotum

- flexible base for special tasks

HEMA/DI-HEMA FREE

The exceptional, flexible hybrid base SOS Antidote has been created to protect soft, thin, and weakened nails – for both manicure and pedicure. Its thick, self-leveling formula allows for delicate overlay and nail plate leveling, creating a smooth, durable and flexible protective layer.

Available in many natural shades, it works perfectly as a subtle base under color polish or as a standalone product for a “natural look” effect.

APPLICATION:

- ✓ For gel polish manicure and pedicure
- ✓ For leveling and building up the natural nail plate
- ✓ For attaching decorations (caviar, rhinestones)
- ✓ For transferring foil designs

TECHNICAL FEATURES:

Consistency: thick
Properties: flexible, self-leveling, protective
Finish: transparent or colored
Dispersion layer: yes
Brush: laser-cut
Technology: LED/UV 380 - 395 nm
Curing time: 30–60 seconds

Why choose SOS Antidote?

- ✓ Perfect for strengthening and protecting weak nails
- ✓ Excellent adhesion – improves styling durability
- ✓ Universal function – base, builder, leveling, decorations
- ✓ Sticky layer allows for foil transfer application
- ✓ Precise brush adapted to the product's density

ART Ease Base

by LASKOSKA

Nail art base HEMA/Di-HEMA FREE

The professional ART Ease Base was created for precise nail art and creative stylist work. It facilitates shading, secures design layers, and creates a perfectly smooth surface.

- ✓ Smooths the nail plate and stabilizes contours
- ✓ Prevents nail art from running
- ✓ Makes color blending and sticker creation easier
- ✓ Can be used as a base, separating layer, or finishing layer
- ✓ Perfect for cleaning brushes from color residues
– does not damage bristles and prevents pigment mixing

How to use:

- Base for nail art – cure for 60 seconds
 - Separating layer – flash cure for 30 seconds
 - Finishing layer – cure for 60 seconds
- Lamp: minimum 48W (385–405 nm)

ONE BASE - MULTIPLE FUNCTIONS.
PRECISION FROM THE VERY FIRST STEP.

Molly Luc

Flakes base

Milky base with metallic flakes

2-in-1 base with 90% milky coverage, enriched with shimmering metallic foil flakes. Perfect for strengthening and leveling the nail plate. Does not yellow, does not require filing, and the styling lasts up to 21 days.

- ✓ Milky camouflage base
- ✓ Sticky layer for better adhesion
- ✓ Protects against damage and splitting
- ✓ Comfortable application – precise brush that doesn't flood cuticles
- ✓ Metallic flakes for a unique glamour effect

Flakes Base is a quick, durable, and stunning base that impresses, makes work easier, and saves time.

Milk&Purple

Milk&Gold

Milk&Pink

Gel in Bottle

Builder gel in a bottle with a brush

HEMA/DI-HEMA FREE

Flexible, one-phase gel in a practical bottle with a brush. Perfect for building, light nail extensions up to 5 mm, infills, and strengthening the natural nail plate.

PRODUCT ADVANTAGES:

- ✓ High coverage after the first coat – natural effect, perfect for French, baby boomer, and ombre styles
- ✓ Protects and strengthens the natural plate, preventing damage and discoloration
- ✓ Convenient and fast application with a precise, laser-cut bottle brush
- ✓ Flexible and durable gel that works with the natural nail for long-lasting results
- ✓ Curing time: 60 seconds in LED/UV lamp (380–395 nm)
- ✓ 2-in-1 product – builder gel and base color in one

Gel in Bottle is the perfect solution for nail stylists who value speed, precision, and a natural finish.

Self Leveling

Self-leveling builder gel for fast and precise nail styling

Self Leveling Gel MollyLac is a professional builder gel with self-leveling properties, designed for nail techs who value comfortable work, a natural effect, and an elegant nail appearance.

Usage:

- For extensions
- Overlay
- Camouflage
- Salon styling and no-file techniques

EFFECT:

Subtle elegance and perfect camouflage – from delicate translucent shades to covers with up to 90% opacity that mask imperfections.

Jelly Gel

dense, extremely durable
nail builder gel

Professional builder gel with a thick "jelly" consistency - perfect for extending nails of any length, corrections, as well as for creating extreme and salon nail designs.

It does not self-level, does not run onto cuticles - perfect for working on several nails at the same time, even in high temperatures.

FEATURES:

- Dense, jelly-like, non-leveling
- Does not run
- Hard and resistant to damage
- Perfect for construction french and extreme styles
- Inhibition layer
- LED/UV - 60 s / 380 - 395 nm

APPLICATION:

For building, extending, correcting, and reconstructing nails - reliable even during long work sessions and in high temperatures.

Shine on You Gel

Shine, elegance & durability in one!

Exclusive builder gel with flash effect and glitter, created for glamour style lovers. Perfect for princess nails, fantasy french, and wow-effect designs.

FEATURES:

- Thixotropic - liquid memory, work comfort
- 60-70% coverage - natural camouflage effect
- With glitter and flash shine
- Does not spread, holds a perfect tunnel
- High adhesion to various nail plates
- Does not yellow, fade, or discolor

APPLICATION:

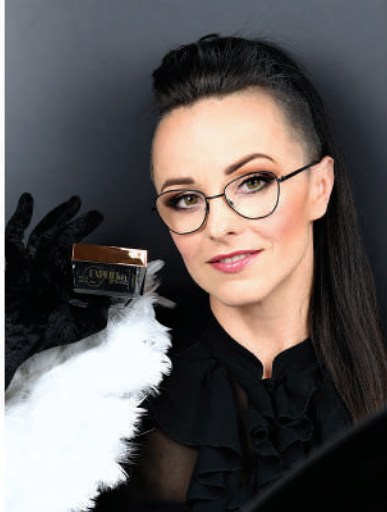

- NAIL BUILDING AND EXTENSION
- FRENCH CONSTRUCTION, FILLS, AND DECORATIONS
- FROM CLASSIC TO ARTISTIC STYLING
- FOR BEGINNER AND ADVANCED NAIL STYLISTS

Monika Mielniczuk

An outstanding instructor and stylist with many years of experience and a true trendsetter in the world of nail styling. Known for her perfection, precision, and constant pursuit of innovation, she creates products that she herself needs in her daily work. Her original formulas combine quality, functionality, and aesthetics, meeting the real needs of nail stylists—from salon work to a master level.

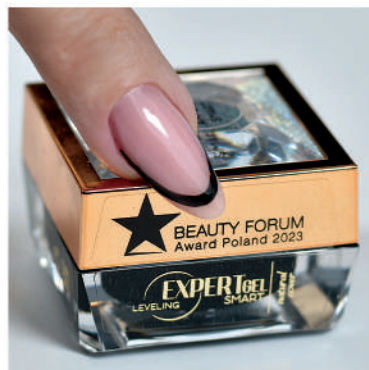

EXPERT Gel

by Monika Mielniczuk

Two professional gels created by Monika Mielniczuk for stylists who expect precision, control, and reliable durability.

SMART

Self-leveling gel with medium-thick consistency. Perfect for fast salon work, skeleton building, surface leveling, and fills. Provides a smooth surface and minimal need for filing.

STRONG

Gel with a thick, jelly-like consistency. Created for strong building, overlays, and extensions. Does not run, provides full control and perfectly holds the shape.

Together they form a duo that allows you to adjust your work technique to any situation – from fast salon styling to precise master-level constructions.

Salon Cover Gel

Ewelina Staszak

Master-level builder gel
HEMA/Di-HEMA Free

Created under the guidance of instructor Ewelina Staszak, Salon Cover is a thick jelly-like gel, perfect for both advanced competition nail designs (e.g. construction French) and everyday salon work.

- ✓ Universal Nude Shade – suits most skin tones
- ✓ Thick, one-phase formula – building, extension, and refill in one
- ✓ High durability & comfort – doesn't run, easy to file
- ✓ Approx. 90% coverage – masks imperfections and evens the nail plate

APPLICATIONS:

- Construction French
- Extensions
- Nail repair and overlays
- No-file techniques
- For nail techs at all skill levels

Salon Cover – one gel, endless possibilities. Durability, aesthetics, and comfort in one!

Salon Gel

Monika Szłósarczyk

HEMA/Di-HEMA Free

Monika Szłósarczyk's signature gels – an independent instructor, multiple POSTER Nails champion, and an artist recognized on international covers – combine classic elegance with a touch of modernity. Designed for work comfort, speed, and a flawless finish.

Perfect for nail extensions, overlays, corrections, and strengthening of the natural nail plate. Ideal for baby boomer and French styles – in timeless shades suited for every skin tone.

FEATURES:

- Hard, self-leveling gel
- Thixotropy (liquid memory)
- 80–90% coverage
- Maintains the arch – does not spread
- Reduced polymerization temperature
- Requires base coat and curing in a lamp

LALA PINK

CAPPUCCINO

MILKY COFFEE

Milky dreams

Monika Szłósarczyk

HEMA/Di-HEMA Free

A signature line of builder gels by Monika Szłósarczyk. Milky Dreams combines soft pastel shades with exceptional work comfort and long-lasting styling results.

FEATURES:

- Hard, flexible builder gel
- Self-leveling, creamy consistency
- 80–90% coverage
- Does not yellow or spread
- Reduced polymerization temperature – no burning sensation
- Requires base coat, leaves a sticky layer

APPLICATION:

- For nail extensions, building, and corrections
- Suitable for forms, tips, and dual forms
- 80–90% coverage
- Perfect for no-filing techniques
- Suitable for all skill levels

Available in 5 pastel shades – for subtle yet distinctive nail designs:

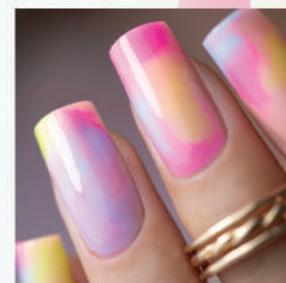

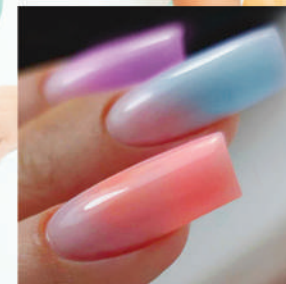

BABY BLUE

HOLIDAY SUN

LAVENDER DREAM

PINK DREAM

SUNNY PEACH

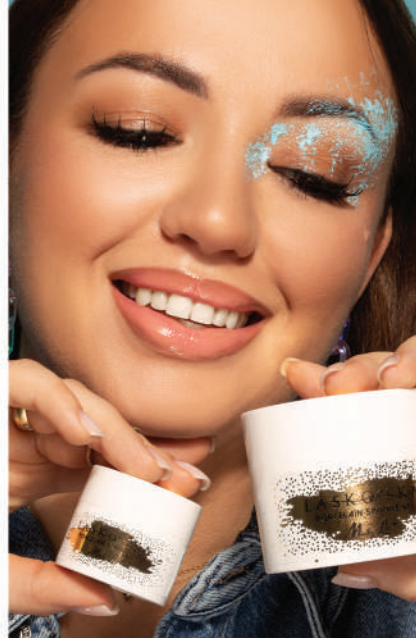

A product created by Paulina Laskovska – nail stylist, permanent makeup artist, and tattooist who combines the world of nails with an artistic sense of style.

Porcelain Sparkle Gel

Paulina Laskovska

Designed for nail artists who love quick and stunning nail designs.

Three shades - Light Nude, Natural Pink, Dirty Pink - captivate with their subtle shine and elegance.

FEATURES:

- Thick, yet self-leveling under the brush – perfectly smooth surface
- Does not run – precise application
- Holds its arch even in thin layers
- Reduces working time by up to 30 minutes
- Easy to file and shape
- Suitable for short and long nails
- For natural nails and extensions
- Looks beautiful on its own or as a base for nail art

Molly Nails

AcrylGel

Discover Molly Nails AcrylGel, an innovative builder gel that combines the durability of acrylic and the flexibility of gel, providing comfort of use and long-lasting styling effects.

Thanks to its light, mousse-like texture, the product does not run, does not flood the cuticles, and allows full control during nail sculpting.

Ideal for:

- nail extensions on forms or templates,
- express manicure with dual forms,
- strengthening and hardening of the natural nail plate,
- creating extreme lengths and sculpted French tips,
- working on multiple nails at the same time.

AcrylGel Liquid

A liquid that facilitates the application of acrylgel and shaping. Designed for very thick products that tend to stick to the brush and require moistening to enable proper nail styling.

PROtect TOP

by Monika Mielniczuk

Shiny no-wipe top with UV filter
HEMA/Di-HEMA Free

PROtect TOP by Monika Mielniczuk is a glossy top coat that, thanks to UV filters, protects designs from fading and discoloration. No wiping required, flexible, enhances color and decorations.

PROTECT TOP IS A TOP COAT THAT:

- contains UV filters to protect the design from color change
- prevents fading and discoloration
- is flexible
- enhances nail art
- requires no wiping
- can be cured in lamps of 48W or higher

Extra Top

by Monika Mielniczuk

No-wipe top HEMA/Di-HEMA Free

WHY IS IT EXTRA?

- Thin consistency
- Wiped with ISOTONEM® does not lose shine – on the contrary, it shines beautifully!
- Can be applied on the inhibition layer and on matte surfaces.
- Protects designs from color change and scratches
- Protects light colors
- Does not discolor black (does not turn navy blue)
- Brush designed by Monika Mielniczuk, loved by thousands of nail techs, making application easy with the product's perfect consistency.

USES OF EXTRA TOP:

- Protects gel polish, gel, acrylic-gel, and acrylic designs
- Protects colors from discoloration
- Works well with powders and mixed techniques
- For creating a bling effect
- Suitable for both sticky and matte surfaces

Molly Lac

HEMA
DI-HEMA
FREE

Top Milky

Top Milky White MollyLac is a colorless top with a delicate, milky shade and subtle coverage (approx. 20%), without a dispersion layer.

- Perfect for classic designs, French manicure, and delicate decorations
- Elegant milky film effect that enhances the natural beauty of nails
- Timeless style in the spirit of minimalism - without strong colors and decorations
- No wiping required - fast and clean application
- Available in 3 shades

Mirror Top

MollyLac Mirror Top is a no-wipe top with a mirror finish, inspired by the perfect smoothness of glass.

Perfectly shiny, extremely durable, and reliable - protects color for up to 3 weeks

Its non-dispersive formula is perfect for rubbing in mirror powders, creating a flawless reflection effect

3D EXPERT TOP

A top coat with a dispersion layer that provides an immediate, flawless shine and protects your manicure against chipping and splitting.

Transparent, medium-thick, does not yellow or matte, maintaining a perfect look for three weeks.

Matte Finish

In your style – choose your effect!

Choose MollyLac matte tops that turn any manicure into a statement with character. Depending on your preference, you can select a delicate satin or classic matte finish – exactly how you like it.

Top Matte Me!

No-wipe top with a full, deep matte finish that completely eliminates shine, giving your manicure a fashionable, raw look. Perfect for modern, minimalist designs or as a contrast to shiny details.

- Velvety, powdery matte
- Modern effect without compromise
- Great choice for bold styles and nail art

Satin Top

No-wipe top with a satin finish that subtly mattifies the nails while leaving a slightly silky shine. The perfect choice for lovers of an elegant, soft effect that draws attention with its subtlety.

- Satin smooth effect
- Durable, non-glossy finish
- Perfect for classic and romantic styles

No matter which top you choose – Satin or Matt Me! – both products guarantee durability, easy application, and a spectacular finish you'll fall in love with from the first use.

Nail Art

Create unique decorations that make every style stand out! Our NAIL ART line products are tools for nail techs who love to play with effects, textures, and colors.

Aqua Gel

Wet nail art gel, blooming effect
HEMA/Di-HEMA Free

A gel for the “wet-on-wet” technique, perfect for achieving a blooming effect – subtle blurring and color blending. Create original, watercolor-style decorations in just a few moments.

Crackle Gel

Crackling polishes that always make an impression! Depending on the base used and the layer thickness, you can achieve various crack effects - from delicate to very bold. A style that never gets boring!

Effect using white gel polish

Effect using X Bond base

Water Ink

An express way to create unique nail art

Add character and energy to your nails! Water Inks are multicolored decorative inks that allow you to create unique, artistic patterns in just a few moments. Delicate color transitions, original effects, and full creative freedom ensure that every design gains a unique, dynamic look perfect for those who love to experiment and make their nails stand out!

HEMA/DI-HEMA Free

ProArt Paste

Highly pigmented decorative gels with a slightly matte texture, providing maximum control when painting and creating details. Perfect for precise lines, 3D decorations, and striking effects.

Pro Stamping

Do you want to create stunning nail designs in just a few moments? With our stamping products, it's easy!

A magnifying and reducing stamp allows you to quickly and precisely transfer the selected pattern from the plate to the nail, ensuring a perfect effect even for the smallest details.

Complete your set with special polishes in timeless colors that perfectly capture every pattern and ensure long-lasting nail art.

Discover our extensive collection of stamping plates with a wide variety of designs – you can find them in our store and create nail styles that will impress everyone!

With NAIL ART, every nail becomes a small work of art.

Power On

Monika Mielniczuk

Discover UV Powder Power On – an innovative UV powder that not only hardens and strengthens natural nails but also allows you to create unique effects in Nail Art designs.

You can use it multiple times, adapting the effect to your needs – from subtle strengthening, through a satin finish, to spectacular nail art! Power On combines with gel polish bases and UV gels, cures in 60 seconds, and does not require wiping.

WHAT DO YOU GAIN WITH POWER ON?

- Strong, damage-resistant nails that don't crack
- Application over base, top, gel, or color – complete styling freedom
- Satin and matte effect without additional products
- Nail protection against bending and enhanced durability for both gel polish and gel designs
- Perfect for sugar-effect decorations or ombré gel designs
- Does not rub off, lose smoothness, or affect polymerization

Thanks to UV Powder Power On, every nail design becomes more durable, striking, and resistant to everyday challenges. It's a product every nail artist will love – no matter the technique!
